Table Updated October 2013, not intended to be a fully comprehensive list, additional acceptable units may exist

\* GEM cars (and golf carts) not yet available in all state programs.

The following guidelines have been applied for converting watts to cc's

|  |          |
|--|----------|
| 1000 watts and under:                              | 100cc's  |
| 1001 watts to 2500 watts:                          | 150cc's  |
| 2501 watts to 3500 watts:                          | 250 cc's |
| over 3500 watts (higher cc's due to higher value): | 490 cc's |
