

We are continuing to improve modernLINK® with more features and functions.

On February 13th look for the following improvements:

Important notice about the AMS Profile Administrator functionality...

Effective February 16, 2015, American Modern® will be switching its AMS Profile Administrator functionality to “view only” and initiating a new procedure pursuant to which all agent/subagent additions, modifications, and terminations will need to be submitted to American Modern for processing. This change is intended to streamline the agent appointment process and reduce the data entry burden on our partners. We have provided a list of our most frequently asked questions to assist you with any questions you may have.

As of February 16th, your agent/subagent additions, modifications, and terminations should be sent to licensingandcontracts@amig.com.

First Notice of Loss (FNOL) report now available via the online agent portal...

The FNOL report is now available online through the reports portal in modernLINK. You no longer have to wait for the monthly paper notifications; you are now able to view your claims every Monday for the previous week. This allows you to keep an eye on your agency's profitability and is a more efficient method of reporting.
