Why use the portal?

American Modern does not send paper copies of policyholder documents through the mail, so the portal is the only access you have to view these important documents. We do still send paper copies to policyholders.

As an eco-friendly company, American Modern is doing our part by going paperless.

Digital copies will be available 7-10 days faster than printing and sending the copies through mail.

No more stacks of paper in your office. Everything can be found online with a click of a button.
